

Malaysia Competition Commission (MyCC)

The Malaysia Competition Commission (MyCC) is an independent body established under the Competition Commission Act 2010 to enforce the Competition Act 2010. The Competition Act and the Competition Commission Act were gazetted on 10 June 2010 and enforced beginning 1 January 2012. The acts aimed to encourage national economic development by encouraging and protecting the competition process in the market and consequently protecting consumer interests.

Commission's Main Functions

The Competition Commission Act 2010 empowers the Malaysia Competition Commission (MyCC) to carry out functions such as implement and enforce the provisions of the Competition Act 2010, issue guidelines in relation to the implementation and enforcement of the competition laws, act as an advocate for competition matters; carry out general studies in relation to issues connected with competition in the Malaysian economy or particular sectors of the Malaysian economy; inform and educate the public regarding the ways in which competition may benefit consumers in, and the economy of, Malaysia.

The MyCC is inviting dedicated and committed candidates with high integrity and professionals to join us. Please note that applicant must be a MALAYSIAN CITIZEN and the position offered is on a CONTRACT basis:

MANAGEMENT AND PROFESSIONAL GROUP

ASSISTANT DIRECTOR GRADE E9, INVESTIGATION & ENFORCEMENT DIVISION

Candidates applying for the position must possess the following qualifications:

A bachelor's degree in cyber security, Information Security, Digital Forensics, or other related fields recognized by the Government from a local higher education institution, or a recognized equivalent qualification;

Additional Requirements:

- i. Candidates must possess a minimum of two (2) years of working experience in digital forensics, cybersecurity, incident response or other related fields;
- ii. Candidates must possess knowledge of digital forensic tools, forensic imaging, data recovery, password recovery, encryption and digital evidence preservation;
- iii. Candidates must possess knowledge of cybersecurity, operating systems, computer networks and Linux environments, including Kali Linux. Knowledge of network analysis, scripting and penetration testing will be an added advantage;
- iv. Candidates must demonstrate good writing and communication capabilities in both Bahasa Malaysia and English;
- v. Candidates must possess strong analytical, problem-solving and technical troubleshooting skills; and
- vi. Candidates must be able to work independently and collaboratively with investigation teams, including participating in enforcement operations and dawn raids when required.

2. Professional Certifications (Added Advantage):

Candidates possessing relevant professional certifications in digital forensics, cybersecurity such as CHFI, CEH, CompTIA Security+, or equivalent certifications, will be an added advantage.

In addition to the required qualifications and relevant experience, candidates should portray the following:

- Committed and dedicated to organisational goals and objectives;
- Strong analytical, interpersonal and problem-solving skills; and
- Ability to work under pressure with the right attitude, strong integrity, upholds teamwork principles and maintains a high level of professionalism.

Core Responsibilities:

- 1) Conduct digital forensic acquisition, imaging and examination of computers, mobile devices, cloud, storage media, and other digital devices during enforcement operations and dawn raids;
- 2) Identify, preserve, recover and analyze digital evidence, including emails, documents, electronic communications, deleted files and metadata relevant to competition investigations;
- 3) Perform password recovery, encryption analysis and other authorized technical procedures to access and examine digital evidence;
- 4) Utilize digital forensic tools, Kali Linux, cybersecurity techniques and scripting to support digital forensic investigations and overcome technical challenges;
- 5) Analyze and correlate digital evidence to identify potential collusive conduct, communications, relationships and relevant timelines in competition investigations;
- 6) Prepare Digital Forensic Reports, document findings and provide technical support for investigation;
- 7) Maintain integrity, confidentiality and chain of custody of digital evidence, and assist in developing forensic procedures and maintaining digital forensic laboratory tools; and
- 8) Perform any additional tasks assigned by the Head of Department or Chief Executive Officer as needed.

Note: This job description is intended to outline the general nature and level of work performed by individuals assigned to this position. It is not intended to be an exhaustive list of all responsibilities, duties, and skills required. The Malaysia Competition Commission reserves the right to amend and change the responsibilities to meet organizational need.
